1. The colour and style (underlined or not) of the mark reference letter displayed above indicates the required side that the mark is to be left. RED indicates leave to port, GREEN to starboard. Whether marks are to be rounded or passed is determined by the course required to sail from the mark preceding the mark in question to the one after it. Marks are to be left (rounded or passed) in the sequence listed. Where an objective assessment of the course design and listed mark sequence indicates a requirement to round a mark, rather than passing it (thereby reducing the number of legs sailed), it shall be deemed a rounding mark.

2. The finishing line for Round The Cans courses races shall, unless the race is shortened, be in Howth Sound in the area between Spit (S) mark and the South Rowan Buoy (R). Spit mark shall be passed to starboard when approaching the finish. The line itself shall be between a spherical orange buoy and the main mast (or red/white pole) on the adjacent Comm Vess displaying a blue flag.

3. This course card forms part of the Sailing Instructions.
